A collection of classic, yet shockingly contemporary, short stories set in the vibrant world of mid-century Bombay, from one of India's greatest writers. Arriving in 1930s Bombay, Saadat Hasan Manto discovered a city like no other. A metropolis for all, and an exhilarating hub of license and liberty, bursting with both creative energy and helpless despondency. A journalist, screenwriter, and editor, Manto is best known as a master of the short story, and Bombay was his lifelong muse. Vividly bringing to life the city's seedy underbelly—the prostitutes, pimps, and gangsters that filled its streets—as well as the aspiring writers and actors who arrived looking for fame, here are all of Manto's Bombay-based stories, together in English for the very first time. By turns humorous and fantastical, Manto's tales are the provocative and unflinching lives of those forgotten by humanity. WINNER OF THE EDGAR® AWARD • LONGLISTED FOR THE WOMEN’S PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • The Washington Post • NPR • The Guardian • Library Journal In a sprawling Indian city, a boy ventures into its most dangerous corners to find his missing classmate. . . . Through market lanes crammed with too many people, dogs, and rickshaws, past stalls that smell of cardamom and sizzling oil, below a smoggy sky that doesn’t let through a single blade of sunlight, and all the way at the end of the Purple metro line lies a jumble of tin-roofed homes where nine-year-old Jai lives with his family. From his doorway, he can spot the glittering lights of the city’s fancy high-rises, and though his mother works as a maid in one, to him they seem a thousand miles away. Djinn Patrol on the Purple Line plunges readers deep into this neighborhood to trace the unfolding of a tragedy through the eyes of a child as he has his first perilous collisions with an unjust and complicated wider world. Jai drools outside sweet shops, watches too many reality police shows, and considers himself to be smarter than his friends Pari (though she gets the best grades) and Faiz (though Faiz has an actual job). When a classmate goes missing, Jai decides to use the crime-solving skills he has picked up from TV to find him. He asks Pari and Faiz to be his assistants, and together they draw up lists of people to interview and places to visit. But what begins as a game turns sinister as other children start disappearing from their neighborhood. Jai, Pari, and Faiz have to confront terrified parents, an indifferent police force, and rumors of soul-snatching djinns. As the disappearances edge ever closer to home, the lives of Jai and his friends will never be the same again. Drawing on real incidents and a spate of disappearances in metropolitan India, Djinn Patrol on the Purple Line is extraordinarily

Wonderfully well researched . . . engrossing, enlightening' The Hindu The Delhi Sultanate period (1206-1526) is commonly portrayed as an age of chaos and violence-of plundering kings, turbulent dynasties, and the aggressive imposition of Islam on India. But it was also the era that saw the creation of a pan-Indian empire, on the foundations of which the Mughals and the British later built their own Indian empires. The encounter between Islam and Hinduism also transformed, among other things, India's architecture, literature, music and food. Abraham Eraly brings this fascinating period vividly alive, combining erudition with powerful storytelling, and analysis with anecdote.

Peeling back the layers of Delhi's centuries-old history, City of Djinns is an irresistible blend of research and adventure. Sparkling with irrepressible wit, City of Djinns peels back the layers of Delhi's centuries-old history, revealing an extraordinary array of characters along the way—from eunuchs to descendants of great Moguls. With refreshingly open-minded curiosity, William Dalrymple explores the seven "dead" cities of Delhi as well as the eighth city—today's Delhi. Underlying his quest is the legend of the djinns, fire-formed spirits that are said to assure the city's Phoenix-like regeneration no matter how many times it is destroyed. Entertaining, fascinating, and informative, City of Djinns is an irresistible blend of research and adventure.

The magnificent new novel from the million-selling Booker Prize-winning author of *The White Tiger*: one of the most eagerly anticipated literary novels of 2011--"a kaleidoscopic portrait of a changing Mumbai." — *Guardian* (Best Books of 2011) Ask any Bombaywallah about Vishram Society--Tower A of the Vishram Co-operative Housing Society--and you will be told that it is unimpeachably pucca. Despite its location close to the airport, under the flight path of 747s and bordered by slums, it has been pucca for some fifty years. But Bombay has changed in half a century--not least its name--and the world in which Tower A was first built is giving way to a new city; a Mumbai of development and new money; of wealthy Indians returning with fortunes made abroad. When real estate developer Dharmen Shah offers to buy out the residents of Vishram Society, planning to use the site to build a luxury apartment complex, his offer is more than generous. Initially, though, not everyone wants to leave; many of the residents have lived in Vishram for years, and many of them are no longer young. But none can benefit from the offer unless all agree to sell. As tensions rise among the once civil neighbours, one by one those who oppose the offer give way to the majority, until only one man stands in Shah's

way: Masterji, a retired schoolteacher, once the most respected man in the building. Shah is a dangerous man to refuse, but as the demolition deadline looms, Masterji's neighbours--friends who have become enemies, acquaintances turned co-conspirators--may stop at nothing to score their payday. A suspense-filled story of money and power, luxury and deprivation, and a rich tapestry peopled by unforgettable characters, not least of which is Bombay itself, Last Man in Tower opens up the hearts and minds of the inhabitants of a great city--ordinary people pushed to their limits in a place that knows none. Delhi OMG! is the story of one man's struggle for survival in the colorful, yet tough Indian city of Delhi. Summary Of The Book Delhi OMG! is the story of a man named Dinesh. It is set in the big, bad city of Delhi, traversing some of the key places in the city and exposing its shocking underbelly. Dinesh is a middle class man who goes from living in government flats in Netaji Nagar to a posh, luxurious DLF residence. As Dinesh goes about his life in Delhi, he encounters various characters from all walks of life. His journey also takes him to several hot-spots of the city, acquainting him with a different side of Delhi, a shocking side often hidden under the cloak of superficiality. At once humorous and hard-hitting, the story presents the vibrant as well as the dark side of life in Delhi. The book explores themes like bribery, obsession with foreign women, sex trafficking, and the well-known fixation of Delhiites on the concept of self-image. Common perceptions about the city of Delhi are once again brought to the fore, and perhaps even strengthened by the narrative. Delhi OMG! was first published in 2012 by Om Books International. It received positive reviews. About Vinod Nair Vinod Nair is an Indian management professional and author. He has written books

On a summer night in 2014, Padma and Lalli went missing from Katra Sadatganj, an eye-blink of a village in western Uttar Pradesh. Hours later they were found hanging in the orchard behind their home. Who they were, and what had happened to them, was already less important than what their disappearance meant to the people left behind. Slipping deftly behind political maneuvering, caste systems and codes of honor in a village in northern India, *The Good Girls* returns to the scene of their short lives and shameful deaths, and dares to ask: What is the human cost of shame?

"It took me a long time and most of the world to learn what I know about love and fate and the choices we make, but the heart of it came to me in an instant, while I was chained to a wall and being tortured." So begins this epic, mesmerizing first novel by Gregory David Roberts, set in the underworld of contemporary Bombay. Shantaram is narrated by Lin, an escaped convict with a false passport who flees maximum security prison in Australia for the teeming streets of a city where he can disappear. Accompanied by his guide and faithful friend, Prabaker, the two enter Bombay's hidden society of beggars and gangsters, prostitutes and holy men, soldiers and actors, and Indians and exiles from other countries, who seek in this remarkable place what they cannot find elsewhere. As a hunted man without a home, family, or identity, Lin searches for love and meaning while running a clinic in one of the city's poorest slums, and serving his apprenticeship in the dark arts of the Bombay mafia. The search leads him to war, prison torture, murder, and a series of enigmatic and bloody betrayals. The keys to unlock the mysteries and intrigues that bind Lin are held by two people. The first is Khader Khan: mafia godfather, criminal-philosopher-saint, and mentor to Lin in the underworld of the Golden City. The second is Karla: elusive, dangerous, and beautiful, whose passions are driven by secrets that torment her and yet give her a terrible power. Burning slums and five-star hotels, romantic love and prison agonies, criminal wars and Bollywood films, spiritual gurus and mujaheddin guerrillas---this huge novel has the world of human experience in its reach, and a passionate love for India at its heart. Based on the life of the author, it is by any measure the debut of an extraordinary voice in literature.

Ronald Vivian Smith is an author of personal experiences – a rare breed to find in a time when even journalists hesitate to put pen to paper without scanning through the internet. A definitive voice when it comes to some known and unknown tales and an inspiration to a new generation of city-scribes, Smith is a master-chronicler of Delhi's myriad realities.

Among the capital's most ardent lovers, Smith believes in the power of observation and interaction. His travels across Delhi, most often in a DTC bus, examine the big and small curiosities – seamlessly juxtaposing the past with the present.

Be it the pride he encounters in the hutments of one of Chandni Chowk's age-old beggar families, or his ambling walks around Delhi's now-dilapidated cemeteries, Smith paints with his words a city full of magic and history. This anthology features short essays on the Indian sultanate, its fall after the British Raj, and its resurrection to become what it is today – the National Capital Territory of Delhi. 'No amount of bookish knowledge can compete with the sort of insights and real, lived memories he [Smith] has.' —Rakshanda Jalil,

In Capital, Commonwealth Prize-winning author Rana Dasgupta examines one of the great trends of our time: the expansion of the global elite. Capital is an intimate portrait of the city of Delhi which bears witness to the extraordinary transmogrification of

India's capital. But it also offers a glimpse of what capitalism will become in the coming, post-Western world. The story of Delhi is a parable for where we are all headed. The boom following the opening up of India's economy plunged Delhi into a tumult of destruction and creation: slums and markets were ripped down, and shopping malls and apartment blocks erupted from the ruins. Many fortunes were made, and in the glassy stores nestled among the new highways, customers paid for global luxury with bags of cash. But the transformation was stern, abrupt and fantastically unequal, and it gave rise to strange and bewildering feelings. The city brimmed with ambition and rage. Violent crimes stole the headlines. In the style of V. S. Naipaul's now classic personal journeys, Dasgupta shows us this city through the eyes of its people. With the lyricism and empathy of a novelist, Dasgupta takes us through a series of encounters – with billionaires and bureaucrats, drug dealers and metal traders, slum dwellers and psychoanalysts – which plunge us into Delhi's intoxicating, and sometimes terrifying, story of capitalist transformation. Together these people comprise a generation on the cusp, like that of Gilded Age New York: who they are, and what they want, says a tremendous amount about what the world will look like in the rest of the twenty-first century. Interweaving over a century of history with his personal journey, Dasgupta presents us with the

first literary portrait of one of the twenty-first century's fastest-growing megalopolises – a dark and uncanny portrait that gives us insights, too, as to the nature of our own – everyone's – shared, global future.

insider's view of this stunning metropolis. He approaches the city from unexpected angles, taking us into the criminal underworld of rival Muslim and Hindu gangs, following the life of a bar dancer raised amid poverty and abuse, opening the door into the inner sanctums of Bollywood, and delving into the stories of the countless villagers who come in search of a better life and end up living on the sidewalks. As each individual story unfolds, Mehta also recounts his own efforts to make a home in Bombay after more than twenty years abroad. Candid, impassioned, funny, and heartrending, *Maximum City* is a revelation of an ancient and ever-changing world.

As the first inclusive study of how women have shaped the modern Indian built environment from the independence struggle until today, this book reveals a history that is largely unknown, not only in the West, but also in India. Educated in the 1930s and 1940s, the very first women architects designed everything from factories to museums in the post-independence period. The generations that followed are now responsible for metro systems, shopping malls, corporate headquarters, and IT campuses for a global India. But they also design schools, cultural centers, religious pilgrimage hotels, and wildlife sanctuaries. Pioneers in conserving historic buildings, these women also sustain and resurrect traditional crafts and materials, empower rural and

marginalized communities, and create ecologically sustainable architectures for India. Today, although women make up a majority in India's ever-increasing schools of architecture, it is still not easy for them, like their Western sisters, to find their place in the profession. Recounting the work and lives of Indian women as not only architects, but also builders and clients, opens a new window onto the complexities of feminism, modernism, and design practice in India and beyond. Set in the design centers of Mumbai and Delhi, this book is also one of the first histories of architectural education and practice in two very different cities that are now global centers. The diversity of practices represented here helps us to imagine other ways to create and build apart from "starchitecture." And how these women negotiate tradition and modernity at work and at home is crucial for understanding gender and modern architecture in a more global and less Eurocentric context. In a country where female emancipation was important for narratives of the independence movement and the new nation-state, feminism was, nonetheless, eschewed as divisive and damaging to the nationalist cause. Class, caste, tradition, and family restricted—but also created—opportunities for the very first women architects in India, just as they do now for the growing number of young women professionals today.

The year 2020 was marked by a series of rolling crises. The Australian wildfires at the start of the year were a catastrophic sign of the global climate crisis. Xi Jinping's announcement in September that the People's Republic of China would become carbon neutral by 2060 could help alleviate the crisis, but China has to fix its coal problem first. The big story was, of course, the global COVID-19 pandemic. Appearing to originate in a Wuhan wet market, by year's end the pandemic had claimed nearly 2 million lives worldwide, put whole countries into lockdown, and sent economies around the world tumbling into recession. China itself successfully suppressed the disease at home and recorded positive economic growth for the year — proving, at least according to the Chinese Communist Party, the 'superiority of the socialist system'. Not everyone was convinced, with persistent questions about the CCP's initial cover up of the outbreak, and how the lack of transparency helped it become a pandemic in the first place. The China Story Yearbook 2020: Crisis surveys the multiple crises of the year of the Metal Rat, including the catastrophic mid-year floods that sparked fears about the stability of the Three Gorges Dam. It looks at how Chinese women fared through the pandemic, from the rise in domestic violence to portraits of female sacrifice on the medical front line to the trolling of a famous dancer for being childless. It also examines the downward-

spiralling Sino-Australian relationship, the difficult 'co-morbidities' of China's relations with the US, the end of 'One Country, Two Systems' in Hong Kong, the simmering border conflict with India, and the rise of pandemic-related anti-Chinese racism. The Yearbook also explores the responses to crisis of, among others, Daoists, Buddhists, and humourists — because when all else fails, there's always philosophy, prayer, and laughter.

And though he escapes with minor injuries, he is haunted by the images and voices that he heard on that unfortunate day. Even as he recovers, his feet take him to where the blasts took place. From the burnt remains he discovers a diary. It seems to belong to a dead man who was deeply in love with a girl. As he reads the heartbreaking narrative, he knows that this story must never be left incomplete. Thus begins Deb's journey with his girlfriend, Avantika, and his best friend, Shrey, to hand over the diary to the man's beloved. Highly engrossing and powerfully told, *If It's Not Forever . . .* tells an unforgettable tale of love and life.

This book charts the course of Kaushik Basu's career over seven years, as he moved out of the cloisters of academe to the frenetic world of policymaking, first in India as Chief Economic Adviser to the Indian Government and after that as Chief Economist at the World Bank in Washington. The Indian years were a period of high inflation, growth challenges (as the global financial crisis arrived in India), and also a remarkable growth recovery story, with India moving past China's GDP growth rate. There were corruption scandals breaking, causing widespread street protests, a lot of late-night decision-making, which one knew would rock the stock market the next day, and getting to

know politicians who were outstanding as statesmen in the midst of all this, and also many who were not. The World Bank years weren't that close to actual policymaking, but nevertheless breath-taking in their scope. They ranged from interacting with policymakers in tiny remote countries like Samoa to gigantic nations with comparable heft, such as China. It entailed sitting down with leading researchers to compute and announce global numbers on extreme poverty and rankings on how easy it is to do business in different countries (fully aware that there would be calls from irate finance ministers as soon as these were published). And there was the handling of politics within the World Bank, which could actually be as enjoyable as any global economic problem! This book is a revised version of the diary that Kaushik Basu kept for seven years. Revised because he often wrote the diary in a hurry at the day's or even week's end. He has now inserted some reflections in retrospect, without altering any descriptions of what actually happened. Travelling through time, space and history to 'discover' his beloved city, the narrator of this novel meets a myriad of people - poets and princes, saints and sultans, temptresses and traitors, emperors and eunuchs - who have shaped and endowed Delhi with its very mystique.

Khristen is a teenager who, her mother believes, was marked by greatness as a baby when she died for a moment and then came back to life. After Khristen's failing boarding school for gifted teens closes its doors, and she finds that her mother has disappeared, she ranges across the dead landscape and washes up at a "resort" on the shores of a mysterious, putrid lake the elderly residents there call "Big Girl." In a rotting honeycomb of rooms, these old ones plot actions to punish corporations and people they consider culpable in the destruction of the final scraps of nature's beauty. What will Khristen and Jeffrey, the precocious ten-year-old boy she meets there, learn from this "gabby seditious lot, in the worst of health but with kamikaze hearts, an army of the aged and ill, determined to refresh, through crackpot violence, a plundered earth"? Rivetingly strange and beautiful, and delivered with Williams's searing, deadpan wit, *Harrow* is their intertwined tale of paradise lost and of their reasons—against all reasonableness—to try and

Mohammed Ashraf studied biology, became a butcher, a tailor, and an electrician's apprentice; now he is a homeless day laborer in the heart of old Delhi. How did he end up this way? In an astonishing debut, Aman Sethi brings him and his indelible group of friends to life through their adventures and misfortunes in the Old Delhi Railway Station, the harrowing wards of a tuberculosis hospital, an illegal bar made of cardboard and plywood, and into Beggars Court and back onto the streets. In a time of global economic strain, this is an unforgettable evocation of persistence in the face of poverty in one of the world's largest cities. Sethi recounts Ashraf's surprising life story with wit, candor, and verve, and *A Free Man* becomes a moving story of the many ways a man can be free.
