"My dear boy, please don't put a label on me – don't make me a category before you get to know me!" John Irving's new novel is a glorious ode to sexual difference, a poignant story of a life that no reader will be able to forget, a book that no one else could have written. Told with the panache and assurance of a master storyteller, *In One Person* takes the reader along a dizzying path: from a private school in Vermont in the 1950s to the gay bars of Madrid's Chueca district, from the Vienna State Opera to the wrestling mat at the New York Athletic Club. It takes in the ways that cross-dressing passes from one generation to the next in a family, the trouble with amateur performances of Ibsen, and what happens if you fall in love at first sight while reading *Madame Bovary* on a troop transport ship, in the middle of an Atlantic storm. For the sheer pleasure of the tale, there is no writer alive as entertaining and enthralling as John Irving at his best. But this is also a heartfelt, intimate book about one person, a novelist named William Francis Dean. By his side as he tells his own story, we follow Billy on a fifty-year journey toward himself, meeting some uniquely unconventional characters along the way. For all his long and short relationships with both men and women, Billy remains somehow alone, never quite able to fit into society's neat categories. And as Billy searches for the truth about himself, *In One Person* grows into an unforgettable call for compassion in a world marked by failures of love and failures of understanding. Utterly contemporary and topical in its themes, *In One Person* is one of John Irving's most political novels. It is a book that grapples with the mysteries of identity and the multiple tragedies of the AIDS epidemic, a book about everything that has changed in our sexual life over the last fifty years and everything that still needs to. It's also one of Irving's most sincere and human novels, a book imbued on every page with a spirit of openness that expands and challenges the reader's world. A brand new story in a grand old tradition, *In One Person* stands out as one of John Irving's finest works – and as such, one of the best and most important American books of the last four decades.

*Until I Find You* is the story of the actor Jack Burns – his life, loves, celebrity and astonishing search for the truth about his parents. When he is four years old, Jack travels with his mother Alice, a tattoo artist, to several North Sea ports in search of his father, William Burns. From Copenhagen to Amsterdam, William, a brilliant church organist and profligate womanizer, is always a step ahead – has always just departed in a wave of scandal, with a new tattoo somewhere on his body from a local master or "scratcher." Alice and Jack abandon their quest, and Jack is educated at schools in Canada and New England – including, tellingly, a girls' school in Toronto. His real education consists of his relationships with older women – from Emma Oastler, who initiates him into erotic life, to the girls of St. Hilda's, with whom he first appears on stage, to the abusive Mrs. Machado, whom he first meets when sent to learn wrestling at a local gym. Too much happens in this expansive, eventful novel to possibly summarize it all. Emma and Jack move to Los Angeles, where Emma becomes a successful novelist and Jack a promising actor. A host of eccentric minor characters memorably come and go, including Jack's hilariously confused teacher the Wurtz; Michelle Maher, the girlfriend he will never forget; and a precocious child Jack finds in the back of an Audi in a restaurant parking lot. We learn about tattoo addiction and movie cross-dressing, "sleeping in the needles" and the cure for cauliflower ears. And John Irving renders his protagonist's unusual rise through Hollywood with the same vivid detail and range of emotions he gives to the organ music Jack hears as a child in European churches. This is an absorbing and moving book about obsession and loss, truth and storytelling, the signs we carry on us and inside us, the traces we can't get rid of. Jack has always lived in the shadow of his absent father. But as he grows older – and when his mother dies – he starts to doubt the portrait of his father's character she painted for him when he was a child. This is the cue for a second journey around Europe in search of his father, from Edinburgh to Switzerland, towards a conclusion of great emotional force. A melancholy tale of deception, *Until I Find You* is also a swaggering comic novel, a giant tapestry of life's hopes. It is a masterpiece to compare with John Irving's great novels, and restates the author's claim to be considered the most glorious, comic, moving novelist at work today.

"For me—as I'm certain it will be for every reader of the wonderful *Norwegian By Night*—Derek B. Miller's new novel is a genuine literary event (Sheldon Horowitz is back!). Miller has long deserved to be a household name. *How to Find Your Way in the Dark* should finally make him one." —Richard Russo, author of *Empire Falls* and *Chances Are...* With the wit and scope of Michael Chabon's *The Amazing Adventures of Kavalier and Clay*, Derek B. Miller tackles his most

ambitious epic yet. At its heart is the return of Sheldon Horowitz, the protagonist from Miller's award-winning first novel, *Norwegian by Night*, who was lauded by Pulitzer Prize-winning author Richard Russo as "one of the most memorable characters . . . that I've encountered in years." **MEET SHELDON IN THE MORNING OF HIS LIFE** Twelve-year old Sheldon Horowitz is still recovering from the tragic loss of his mother only a year ago when a suspicious traffic accident steals the life of his father near their home in rural Massachusetts. It is 1938, and Sheldon, who was in the truck, emerges from the crash an orphan hell-bent on revenge. He takes that fire with him to Hartford, where he embarks on a new life under the roof of his buttoned-up Uncle Nate. Sheldon, his teenage cousins Abe and Mirabelle, and his best friend, Lenny, will contend with tradition and orthodoxy, appeasement and patriotism, mafia hitmen and angry accordion players, all while World War II takes center stage alongside a hurricane in New England and comedians in the Catskills. With his eye always on vengeance for his father's murder, Sheldon stakes out his place in a world he now understands is comprised largely of crimes: right and wrong, big and small.

The Fourth Hand asks an interesting question: "How can anyone identify a dream of the future?" The answer: "Destiny is not imaginable, except in dreams or to those in love." While reporting a story from India, a New York television journalist has his left hand eaten by a lion; millions of TV viewers witness the accident. In Boston, a renowned hand surgeon awaits the opportunity to perform the nation's first hand transplant; meanwhile, in the distracting aftermath of an acrimonious divorce, the surgeon is seduced by his housekeeper. A married woman in Wisconsin wants to give the one-handed reporter her husband's left hand— that is, after her husband dies. But the husband is alive, relatively young, and healthy. This is how John Irving's tenth novel begins; it seems, at first, to be a comedy, perhaps a satire, almost certainly a sexual farce. Yet, in the end, *The Fourth Hand* is as realistic and emotionally moving as any of Mr. Irving's previous novels – including *The World According to Garp*, *A Prayer for Owen Meany*, and *A Widow for One Year* – or his Oscar-winning screenplay of *The Cider House Rules*. *The Fourth Hand* is characteristic of John Irving's seamless storytelling and further explores some of the author's recurring themes – loss, grief, love as redemption. But this novel also breaks new ground; it offers a penetrating look at the power of second chances and the will to

From best-selling and award-winning author Kevin Brockmeier: a new novel of stunning artistry and imagination about the wounds we bear and the light that radiates from us all. At 8:17 on a Friday night, the Illumination commences. Every wound begins to shine, every bruise to glow and shimmer. And in the aftermath of a fatal car accident, a private journal of love notes, written by a husband to his wife, passes into the keeping of a hospital patient and from there through the hands of five other suffering people, touching each of them uniquely. I love the soft blue veins on your wrist. I love your lopsided smile. I love watching TV and shelling sunflower seeds with you. The six recipients—a data analyst, a photojournalist, a schoolchild, a missionary, a writer, and a street vendor—inhabit an acutely observed, beautifully familiar yet particularly strange universe, as only Kevin Brockmeier could imagine it: a world in which human pain is expressed as illumination, so that one's wounds glitter, fluoresce, and blaze with light. As we follow the journey of the book from stranger to stranger, we come to understand how intricately and brilliantly they are connected, in all their human injury and experience.

In a powerful coming-of-age tale that also doubles as a portrait of Philadelphia in the late 80s and early 90s, Kenya Curtis, who knows that she is different, but can't put her finger on why, grows increasingly disgruntled by her inability to find any place, thing or person that feels like home.

As we grow older - most of all, in what we remember and what we dream - we live in the past. Sometimes, we live more vividly in the past than in the present. As an older man, Juan Diego will take a trip to the Philippines, but his dreams and memories will travel with him; he is most alive in his childhood and early adolescence in Mexico. 'An aura of fate had marked him,' John Irving writes. 'The chain of events, the links in our lives - what leads us where we're going, the courses we follow to our ends, what we don't see coming, and what we do - all this

can be mysterious, or simply unseen, or even obvious.'

"Any mother with half a skull knows that when Daddy's little boy becomes Mommy's little boy, the kid is so wet, he's treading water. What do you mean you're a participle in the school play and you need a costume? Those rotten kids. If only they'd let me wake up in my own way. Why do they have to line up along my bed and stare at me like Moby Dick just washed up onto a beach somewhere?"

Dedicated to the memory of two wrestling coaches and two writer friends, *The Imaginary Girlfriend* is John Irving's candid memoir of his twin careers in writing and wrestling. The award-winning author of best-selling novels from *The World According to Garp* to *In One Person*, Irving began writing when he was fourteen, the same age at which he began to wrestle at Exeter. He competed as a wrestler for twenty years, was certified as a referee at twenty-four, and coached the sport until he was forty-seven. Irving coached his sons Colin and Brendan to New England championship titles, a championship that he himself was denied. In an autobiography filled with the humor and compassion one finds in his fiction, Irving explores the interrelationship between the two disciplines of writing and wrestling, from the days when he was a beginner at both until his fourth wrestling related surgery at the age of fifty-three. Writing as a father and mentor, he offers a lucid portrait of those—writers and wrestlers from Kurt Vonnegut to Ted Seabrooke—who played a mentor role in his development as a novelist, wrestler, and wrestling coach. He reveals lessons he learned about the pursuit for which he is best known, writing. "And," as the *Denver Post* observed, in filling "his narrative with anecdotes that are every bit as hilarious as the antics in his novels, Irving combines the lessons of both obsessions (wrestling and writing) . . . into a somber reflection on the importance of living well." Now available as an ebook for the first time ever in America, the bestselling coming-of-age classic novel by John Irving—the 40th anniversary edition with a new introduction by the author. "He is more than popular. He is a Populist, determined to keep alive the Dickensian tradition that revels in colorful set pieces...and teaches moral lessons."—The *New York Times* The opening sentence of John Irving's breakout novel *The World According to Garp* signals the start of sexual violence, which becomes increasingly political. "Garp's mother, Jenny Fields, was arrested in Boston in 1942 for wounding a man in a movie theater." Jenny is an unmarried nurse; she becomes a single mom and a feminist leader, beloved but polarizing. Her son, Garp, is less beloved, but no less polarizing. From the tragicomic tone of its first sentence to its mordantly funny last line—"we are all terminal cases"—*The World According to Garp* maintains a breakneck pace. The subject of sexual hatred—of intolerance of sexual minorities and differences—runs the gamut of "lunacy and sorrow." Winner of the National Book Award, *Garp* is a comedy with forebodings of doom. In more than thirty languages, in more than forty countries—with more than ten million copies in print—*Garp* is the precursor of John Irving's later protest novels.

"One night when she was four and sleeping in the bottom bunk of her bunk bed, Ruth Cole woke to the sound of lovemaking—it was coming from her parents' bedroom." This sentence opens John Irving's ninth novel, *A Widow for One Year*, a story of a family marked by tragedy. Ruth Cole is a complex, often self-contradictory character—a "difficult" woman. By no means is she conventionally "nice," but she will never be forgotten. Ruth's story is told in three parts, each focusing on a critical time in her life. When we first meet her—on Long Island, in the summer of 1958—Ruth is only four. The second window into Ruth's life opens on the fall of 1990, when she is an unmarried woman whose personal life is not nearly as successful as her literary career. She distrusts her judgment in men, for good reason. *A Widow for One Year* closes in the autumn of 1995, when Ruth Cole is a forty-one-year-old widow and mother. She's about to fall in love for the first time. Richly comic, as well as deeply disturbing, *A Widow for One Year* is a multilayered love story of astonishing emotional force. Both ribald and erotic, it is also a brilliant novel about the passage of time and the relentlessness of grief.

An American classic first published in 1985 by William Morrow and adapted into an Academy Award-winning film, *The Cider House Rules* is among John Irving's most beloved novels. Set in rural Maine in the first half of the twentieth century, it tells the story of Dr. Wilbur Larch—saint and obstetrician, founder and director of the orphanage in the town of St. Cloud's, ether addict and abortionist. It is also the story of Dr. Larch's favorite orphan, Homer Wells, who is never adopted. "A novel as good as one could hope to find from any author, anywhere, anytime. Engrossing, moving, thoroughly satisfying." —Joseph Heller, author of *Catch-22*

"Truly remarkable . . . encompasses the longings and agonies of youth . . . a complex and moving novel."—Time "Astonishing . . . a writer of uncommon imaginative power. Whatever [John Irving] writes, it will be worth reading."—Saturday Review It is 1967. Two Viennese university students, Siggy and Hannes, roam the Austrian countryside on their motorcycles—on a quest: to liberate the bears of the Vienna Zoo. But their good intentions have both comic and gruesome consequences in this first novel from John Irving, already a master storyteller at twenty-five years old. "Imagine a mixture of Till Eulenspiegel and Ken Kesey . . . and you've got the range of the merry pranksters who hot rod through Mr. Irving's book . . . tossing flowers, stealing salt shakers, and planning the biggest caper of their young lives."—The New York Times

In 1954, in the cookhouse of a logging and sawmill settlement in northern New Hampshire, an anxious twelve-year-old boy mistakes the local constable's girlfriend for a bear. Both the twelve-year-old and his father become fugitives, forced to run from Coos County—to Boston, to southern Vermont, to Toronto—pursued by the implacable constable. Their lone protector is a fiercely libertarian logger, once a river driver, who befriends them. In a story spanning five decades, *Last Night in Twisted River* depicts the recent half-century in the United States as "a living replica of Coos County, where lethal hatreds were generally permitted to run their course." What further distinguishes *Last Night in Twisted River* is the author's unmistakable voice—the inimitable voice of an accomplished storyteller.

"I am doomed to remember a boy with a wrecked voice—not because of his voice, or because he was the smallest person I ever knew, or even because he was the instrument of my mother's death, but because he was the reason I believe in God; I am a Christian because of Owen Meany." In the summer of 1953, two eleven-year-old boys—best friends—are playing in a Little League baseball game in Gravesend, New Hampshire. One of the boys hits a foul ball that kills the other boy's mother. The boy who hits the ball doesn't believe in accidents; Owen Meany believes he is God's instrument. What happens to Owen, after that 1953 foul ball, is extraordinary and terrifying.
