Plan answers quickly and effectively using Answer plans and Diagram plans. Gain higher marks with tips for advanced thinking in Make your answer stand out. Avoid common pitfalls with D. Written in a deliberate and concise manner, devoid of United States colloquialisms, Drafting Contracts in Legal English: Cross-border Agreements Governed by U.S. Law is designed for classroom use as well as self-study. Teaching a strategic approach and sequential steps to drafting contracts, the text includes examples and exercises based on cross-border agreements such as

distribution agreements, licensing, franchises and equipment leases. Special drafting issues in cross-border agreements are also considered: choice of language clauses, choice of forum clauses, indemnification provisions, force majeure clauses, counterpart clauses, international alternative dispute resolution clauses, and the choice to opt in or out of the CISG. By providing appropriate explanations of United States law, the text increases student comprehension as suggested drafting approaches are placed in legal context. This unique guide discusses the purpose of and provides drafting tips for contract parts, contract organization and formatting, basic contract provisions, letters of intent, and the craft of reviewing and revising contracts. End-of-chapter exercises test overall comprehension and apply drafting concepts presented in the chapter. To increase the non-native speakers lexical range, vocabulary is derived from a statistical analysis of thousands of authentic contracts. To help with contract sentence structures that are challenging for non-native speakers, syntax structures are based on comparison to databases with authentic contracts. A glossary of contract terms is based on frequency counts from thousands of authentic contracts and usage in text, contextualized and cross-referenced with most common collocations.

Knowledge of the English legal system is the cornerstone to every law degree in

How are language and disciplinary knowledge connected in the English for Legal Purposes (ELP) classroom, and how far should ELP practitioners go in supporting students' acquisition of the conceptual frameworks that shape the genres they are learning? This book presents a pedagogical model for incorporating these conceptual frameworks into disciplinary language instruction and follows four focal participants as they learn to read and write new genres in a second language and disciplinary culture. By examining not just students' written texts, but also their reading practices and interactions in class and in tutoring sessions, the book traces the ways in which disciplinary knowledge and language interact as students develop academic literacy in a new disciplinary community. Throughout the book, the discipline of law is used as a lens for examining broader connections between language, culture and disciplinary knowledge, and their relevance for English for Specific Purposes and writing in the disciplines. 'International Law' is designed to help you to relate all the reading and study throughout your course specifically to exam and assignment situations. Understand quickly what is required, organise your revision, and learn the key points with ease, to get the grades you need. Please note that the Print Replica PDF digital version does not contain the audio. English for Aviation is part of the EXPRESS SERIES. Helps you to get to the heart of the English legal system, ensuring you get the most out of your study time when it really matters. This book is designed to help you understand what is important about the English legal system and enable you to remember the important cases and statutes.

Exploring the advantages and disadvantages of codifying contract law, this book considers the question from the perspectives of both civil and common law systems, referring in detail to issues of international and consumer law. With contributions from leading international scholars, the chapters present a range of opinions on the virtues of codification, encouraging further debate on this topic. The book commences with a discussion on the internationalization imperative for codification of contract law. It then turns to regional issues, exploring first codification attempts in the European Union and Japan, and then issues relevant to codification in the common law jurisdictions of Australia, New Zealand and the United States. The collection concludes with two chapters which consider the need to draw upon both private and comparative international law perspectives to inform any codification reforms. This book will be of interest to international and comparative contract law academics, as well as regulators and policy-makers.

"English as a Legal Language is a lawyer's plain language guide to English legal terminology. Anyone who finds it difficult to express legal terms in English simply looks under the general heading to find the relevant terms and their usage. This book can

File Type PDF Express Series English For Legal Professionals By Andrew Frost

also be used to find explanations of words from a translating dictionary. Further, it is structured as a thesaurus, organized according to topic with an alphabetical index. More and more, lawyers need the English language. But attempts to convert the language to meet one's own purpose often result in misconceptions. English legal language has its roots in the Anglo-American legal tradition and the non-native speaking lawyer may have difficulty understanding a word choice in English without also seeing how it fits into legal thinking and relates to other words in the subject area as a whole. "English as a Legal Language offers a comparative lexicon of US and UK legal systems, with references to European legal systems. Special features of this work include: - The vocabulary of an entire area of law in each section; - A verb section which provides guidance on substantives, adjectives, adverbs, phrases, usage, as well as sample sentences and clues about typical mistakes; and - An index which gives an alphabetical rendition of the topically ordered definitions - essential for words that have multiple definitions. All lawyers working in English, and especially continental European lawyers, will find this book indispensable in their practices. The book is also of prime interest to business people, accountants, translators, legal secretaries and students. It will enable all practitioners and academics to express complex ideas in English, to understand the intricacies of English as a legal language, and to avoid the potential mishaps, when language barriers prevent a true meeting of minds.
