From former football player and star of *The Bachelor* and *The Bachelorette* comes a fascinating and eye-opening behind-the-scenes look at his drama-filled season on the hit reality show. Before Colton Underwood captured the hearts of millions on *The Bachelor*, he was a goofy, socially awkward, overweight adolescent who succeeded on the football field while struggling with personal insecurities off it. An All American gridiron hero, he was also a complex, sometimes confused, soft-hearted romantic wondering how these contradictions fit together. Old-fashioned and out of step with the swipe right dating culture of today, he was saving the most intimate part of life for the love of his life. If only he could find her... Now, in *The First Time*, Colton opens up about how he came to find himself and true love at the same time via the Bachelor franchise. Unencumbered by cameras and commercial breaks, he delivers a surprisingly raw, endearing, and seriously juicy account of his journey through *The Bachelorette*, *Bachelor in Paradise*, and *The Bachelor*, along with what has happened with him and Cassie Randolph since his season wrapped. He opens up about being dumped by Becca, his secret dalliance with Tia, what it was like to be the world's most famous virgin, his behind-the-scenes conflicts with production, and how his on-camera responsibilities as the Bachelor nearly destroyed him after he knew he had already fallen in love with Cassie. A memoir for Bachelor Nation and anyone who believes in the magic of love, *The First Time* carries a simple but powerful message: It's okay to laugh and cry and occasionally jump over a fence, if it means coming one step closer to the right person.

A magnificent fantasy rife with scientific splendor, magical intrigue, and wonderfully realized characters, told in a storytelling style in which Charles Dickens meets Neal Stephenson, *Perdido Street Station* offers an eerie, voluptuously crafted world that will plumb the depths of every reader's imagination. Beneath the towering bleached ribs of a dead, ancient beast lies New Crobuzon, a squalid city where humans, Re-mades, and arcane races live in perpetual fear of Parliament and its brutal militia. The air and rivers are thick with factory pollutants and the strange effluents of alchemy, and the ghettos contain a vast mix of workers, artists, spies, junkies, and whores. In New Crobuzon, the unsavory deal is stranger to none—not even to Isaac, a brilliant scientist with a penchant for Crisis Theory. Isaac has spent a lifetime quietly carrying out his unique research. But when a half-bird, half-human creature known as the Garuda comes to him from afar, Isaac is faced with challenges he has never before fathomed. Though the Garuda's request is scientifically daunting, Isaac is sparked by his own curiosity and an uncanny reverence for this curious stranger. While Isaac's experiments for the Garuda turn into an obsession, one of his lab specimens demands attention: a brilliantly colored caterpillar that feeds on nothing but a hallucinatory drug and grows larger—and more consuming—by the day. What finally emerges from the silken cocoon will permeate every fiber of New Crobuzon—and not even the Ambassador of Hell will challenge the malignant terror it invokes . . . BONUS: This edition contains an excerpt from China Mieville's *Embassytown*.

An unflinchingly honest, wickedly funny, and heartfelt debut about a down-on-his-luck gay man working out how he fits into the world, making up for lost time, and opening himself up to life's possibilities. Danny Scudd is absolutely fine. He always dreamed of escaping the small-town life of his parents' fish and chip shop, moving to London, and becoming a journalist. And, after five years in the city, his career isn't exactly awful, and his relationship with pretentious Tobbs isn't exactly unfulfilling. Certainly his limited edition Dolly Parton vinyls and many (maybe too many) house plants are hitting the spot. However, a visit to the local clinic reveals that Tobbs might not have been exactly faithful. In fact, Tobbs claims they were never operating under the "antiquated" terms of monogamy to begin with. Oh, and Danny's flatmates are unceremoniously evicting him because they want to start a family. It's all going quite well. Newly single and with nowhere to live, Danny is forced to move in with his best friend, Jacob, a flamboyant non-binary artist whom he's known since childhood, and their extravagant group of friends living in an East London "commune." What follows is a colorful voyage of discovery through modern queer life, dating, work, and lots of therapy—all places Danny has always been too afraid to fully explore. Upon realizing just how little he knows about himself and his sexuality, he careens from one questionable decision (and man) to another, relying on his inscrutable new therapist and housemates to face the demons he's spent his entire life trying to repress. Is he really fine, after all?

The author looks at God's patterns in the Bible and His great saving deeds, and finds that the Bible is about telling and retelling the story of the God of promise and covenant who keeps working toward His ultimate goal--the restoration of Eden. He concludes that Jesus fulfills the longings of the Jewish Scriptures and explains how the law brings freedom and how our assurance of salvation flows from God's justice.

Completely unlike any encyclopedia before it, The Book of Firsts is the product of decades of archiving and research from the incredible Patrick Robertson. For many years the proprietor of a stock photo archive and collector of all forms of ephemera, Robertson boasts a library that includes ads, clippings, and archival materials going back well over 100 years. In this amazing work, Robertson indexes and describes the things he considers socially relevant, such as the first black head of a white government (it's not who you think), the first baby carriage, and the first department store. He writes about all this with an unparalleled knowledge and impossible-to-fake fluency with a staggering

number of subjects. What's more, Robertson renders this massive reference with subtle but distinctive humor, and an eye for fascinating detail. Every entry in this book includes a first time in America, and many also have firsts from elsewhere in the world. With a handsome design and an oversized trim, this will be both a groundbreaking work of reference and a beautiful gift for trivia heads.

The book is divided into two main areas: rational and emotional. I believe that a good manager must first of all master the rational part, but to become an excellent and complete manager, he or she cannot forget the emotional part of the job. Blending the rational and emotional parts will be a recipe for success and fulfillment. The book is a practical guide with intent to offer pragmatic tools and frameworks to new managers. It is the book I wished to have when I started my journey as a manager with business responsibilities. I wrote it based on my real life management experience. I took notes for about four years of the lessons I learned during my first field assignment. I struggled, but finally I have been successful. I wished during my beginnings to have a mentor to coach me and help me to speed up my learning curve. I wish this book can be the practical guide to help others reducing the stress and worries that inevitably happen when taking on a managerial role for the first time. I also wish to help new managers to deliver better and faster high performances.

Again for the First Time was originally published in 1984 by Tooth of Time Books in Santa Fe, and almost immediately received the Texas Institute of Letters Poetry Prize. Catacalos went on to become a Dobie-Paisano fellow, a Stegner fellow, a recipient of an NEA creative writing fellowship, and numerous other honors. This book is unique in that it pairs and often plays against each other the mythologies of Catacalos's mixed Greek and Mexican backgrounds. At the same time that it is populated with characters like Ariadne and Theseus, it is very contemporary in its settings and the issues it addresses, including San Antonio street life, racism, mass killings, and foreign wars. It is a strongly feminist work as well. As Texas Monthly put it, For precise balance in tone and form, and for surprising resonance throughout, Again for the First Time is a superb book of poems.

"First time up?"—an insider's friendly question from 1960s counter-culture—perfectly captures the spirit of this book. A short, supportive, practical guide for the first-time college composition instructor, the book is upbeat, wise but friendly, casual but knowledgeable (like the voice that may have introduced you to certain other firsts). With an experiential focus rather than a theoretical one, First Time Up will be a strong addition to the newcomer's professional library, and a great candidate for the TA practicum reading list. Dethier, author of The Composition Instructor's Survival Guide and From Dylan to Donne, directly addresses the common headaches, nightmares, and epiphanies of composition teaching—especially the ones that face the new teacher. And since legions of new college composition teachers are either graduate instructors (TAs) or adjuncts without a formal background in composition studies, he assumes these folks as his primary audience. Dethier's voice is casual, but it conveys concern, humor, experience, and reassurance to the first-timer. He addresses all major areas that graduate instructors or new adjuncts in a writing program are sure to face, from career anxiety to thoughts on grading and keeping good classroom records. Dethier's own eclecticism is well-represented here, but he reviews with considerable deftness the value of contemporary scholarship to first-time writing instructors—many of whom will be impatient with high theory. Throughout the work, he affirms a humane, confident approach to teaching, along with a true affection for college students and for teachers just learning to deal with them.
