Or in case your wife finds out about your losing accounts, this

information will spare your life. And you know what; all this is not your fault... You have been lied to, given all kind of fake promises, taken for granted and left to die in your Forex career...HAHA you wish I will go down this road, lick your wounds and blame it all on the world economy, "the green house effect," the moon approaching the earth faster than a bullet or whatever, but I won't. The reality is that you will probably not listen to me, but may be, you are one of those really smart change embracing people, that will stop the bleeding in its tracks right now and will take a hold of the hard coarse chunks of truth and challenging realities I am throwing in your lap. See, it was not too long ago, not that long, so I can forget it (although it seems like eternity ago, really I am not looking forward to remembering that part of my trading life), I was in your shoes, opening \$50 accounts eating all the high pitched presentations and webinars, dreaming of living on my own island and drinking all day from something that required a small umbrella on top...turquoise blue beaches and trading from the stern of my private yacht. Gladly, I woke up from that dream and realized that, the \$50 accounts will not cut it(it will actually cut you up to pieces) I've heard of a guy that regularity brings in 25-30 k a month doing only a couple of large trades a week...(that's right this is not a typo) Now this guy, was not your regular high pitched guru, in a matter of fact he was known to have only few friends and lived a low-key quiet life. Luckily, he lived in my city. I was having a casual talk with a friend over a beer and he mentioned, he was playing golf with this guy, that quote, "was smashing it pulling thousands of dollars from the Forex marker..." Now you know, that as soon as I heard that my ears perked, my hart started pumping so fast I could hear it drumming in my chest. Palms sweating with my tongue clinched to the roof of my mouth, I grabbed my friend and made him repeat that sentence again. My friend gave me the look that you normally would give a crazy maniac coming around the corner trying to choke you. After several attempts I convinced my friend to arrange for me to meet that guy. For familiar reasons we will call him Mr X. Now, this Mr X was not interested in anyway whatsoever in being my mentor or teaching me any of his trading methods or systems. In fact he considered trading to be rather a boring task, see, Mr. X has been doing it soooo long, it has become like automatic reaction for him. After much casual conversations, I finally was able to talk Mr X in giving me a couple of Forex lessons, if I could call a half hour over at the restaurant a lesson. The most amazing thing was, that everything he taught me was so different and strange compared to all the common gurus and brokers..

Wow, have you felt, living under a constant information overload waterfall...? This is how it usually starts, you wake up in the morning and check the email in your phone, which leads you to a email with a link of an article, and then the article sends you to a couple more places ...and it never ends. See, I've been there. Book after book, after program, then up to the latest and greatest webinar...and to even better article from A guru. Day, after day, week after week...the cycle is viscous. See, in Forex there is no golden grail, there is no secret path. Everything that there was to be, has already happened. The only question I have is, whose advice are you following? Are you following experienced traders, that are really trading their systems, or you are following the big heads on TV and the people with the big book. See the material that you are about to read, is a NO BS hard core to the bone content. NO fillers, no 40 pages on the current economic conditions. See, what the big heads are not telling you is that Forex is a huge market, but it is not controlled and centralized. As far as you are concerned Forex is as big as your broker. And if your broker is not a price maker, which is in most of the cases, you are ready to be slaughtered in the daily news events or any other tricks the broker will play on you. See before I continue, you need to know something, you need to stop the chase of the golden calf and anchor on a solid material, like the material presented in this book. I was lucky to learn the ropes from a master in Forex in the beginning of my Forex journey. I would call him Mr X for confidentiality purposes. Mr. X responded to a newbie question in one of the broker forums, revealing the plot of the broker...From then on I knew I had to find this guy and lean what he knows.

Unfortunately the broker immediately closed the tread and that trader's free advice was no longer available. I had PM ed the guy and had his email. For me this guy was the only light in the Forex channel of broker lies and gurus fake advice. But see there was a problem... This guy was not your regular guru trader, he has been doing his routine Forex staff for 25 years and for him trading was nothing more than a mundane chore. He was bringing 25 to 30k a month on a regular bases, and was not excited to hear

about me, regardless what I was offering. Eventually he agreed on a phone call and a several meetings. The guy is no longer around, but everything that learned from him is comprised in this book. So you have a choice to take this material, study it and make it your own and become a successful trader, or keep wandering in the jungle of information overload. Make it easy for yourself, by this book and stop the viscous cycle. I have done all the hard work for you. You are just a couple clicks away from passing over. Take a click of faith. See you on the other side.

any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX staff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not raising before he pooled the trigger. See, he has been doing this trading staff for so long it has become a boring procedure, rather a morning an afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue. Finally on my third approach he agreed to show me what the MASTER had thought him many years ago. What is comprised in the pages of this book will be worth pure gold to you. You will not find this education at you brokers how to section. Most likely you will not find this information anywhere on this book section, or on any other book store. I have paid thousands of dollars on exclusive groups and, on paid private forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite FOREX traders. No one gives their living away, unless you pay them a price worth their living. However I have decided to make this information available for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader like yourself. Let me ask you a question? When was the last time you made money with FOREX? Even further more, how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX.
