Your new product has changed the rules of the market. Now, you have to change the rules for selling it . . . Providing a truly innovative product or service is the difference between life and death for companies today. But once you've produced it, you have to answer the next big question: How do I sell this unique offering to customers who don't even know they have a need for it? Brian C. Burns and Tom U. Snyder compared 27 highly successful emerging-growth and start-up corporations with 78 less successful companies in similar fields. The difference, they learned, lies neither with the product nor with marketing but with the sales strategy. In short, the losers relied on conventional sales methods; the winners deployed a unique sales strategy that focused on how organizations make decisions. Selling in a New Market Space helps you develop a sales strategy to approach potential buyers the right way—the first time around—using what the authors call the “Maverick Method.” This game-changing guide explains: What Maverick sellers do differently and why they hold the key to your success Where to find salespeople with the skills for selling to a new market How to create early market segments and marginalize competitors When to transition them away from Maverick selling Don't be a victim of your own

What do winners of major sales do differently than the sellers who almost won, but ultimately came in second place? Mike Schultz and John Doerr, bestselling authors and world-renowned sales experts, set out to find the answer. They studied more than 700 business-to-business purchases made by buyers who represented a total of \$3.1 billion in annual purchasing power. When they compared the winners to the second-place finishers, they found surprising results. Not only do sales winners

sell differently, they sell radically differently, than the second-place finishers. In recent years, buyers have increasingly seen products and services as replaceable. You might think this would mean that the sale goes to the lowest bidder. Not true! A new breed of seller—the insight seller—is winning the sale with strong prices and margins even in the face of increasing competition and commoditization. In *Insight Selling*, Schultz and Doerr share the surprising results of their research on what sales winners do differently, and outline exactly what you need to do to transform yourself and your team into insight sellers. They introduce a simple three-level model based on what buyers say tip the scales in favor of the winners: Level 1 "Connect." Winners connect the dots between customer needs and company solutions, while also connecting with buyers as people. Level 2 "Convince." Winners convince buyers that they can achieve maximum return, that the risks are acceptable, and that the seller is the best choice among all options. Level 3 "Collaborate." Winners collaborate with buyers by bringing new ideas to the table, delivering new ideas and insights, and working with buyers as a team. They also found that much of the popular and current advice given to sellers can damage sales results. *Insight Selling* is both a strategic and tactical guide that will separate the good advice from the bad, and teach you how to put the three levels of selling to work to inspire buyers, influence their agendas, and maximize value. If you want to find yourself and your team in the winner's circle more often, this book is a must-read. Welcome to the new sales economy: the ever-changing

match prices out of fear and scarcity, our managers, thanks to this powerful sales tool, can continue quoting and closing with profitable confidence." --Joe Bracket, President, Power Equipment Company "I learned a long time ago that it is pretty difficult to control what my competitors will do, but we must control what we do--like maintaining margins. Giessing, President, Brusco-Rich, Inc. "This energizing book is the 'right stuff' for every sales force. With their national bestseller *The Go-Giver*, Bob Burg and John David Mann took the business world by storm, showing that giving is the most fulfilling and effective path to success. That simple, profound story has inspired hundreds of thousands of readers around the world-but some have wondered how its lessons stand up to the tough challenges of everyday real-world business. Now Burg and Mann answer that question in *Go-Givers Sell More*, a practical guide that makes giving the cornerstone of a powerful and effective approach to selling. Most of us think of sales as convincing potential customers to do something they don't really want to. This mentality sets up an adversarial relationship and makes the sales process much harder than it has to be. As Burg and Mann demonstrate, it's far more productive (and satisfying) when salespeople think like Go-Givers.

Cultivate a trusting relationship and focus exclusively on creating value for the other person, say the authors, and great results will follow automatically. Drawing on a wide range of examples of real-life salespeople who have prospered by giving more, Burg and Mann offer tips and strategies that anyone in sales can start applying right away.

Explains how to identify and maximize sales talent, outlines the basic steps of the selling process, and includes an access code to an online assessment test.
